

When someone in your club has an injury...

Be sure that parents/staff understand to report to the providers their personal insurance or the fact that they do not have personal insurance.

1. At GCC Manual Online at the home page of pathfinders.gccsda.com, print the Incident Report Form and completely fill it out .
2. At GCC Manual Online at the home page of pathfinders.gccsda.com, click on Supplemental Medical Insurance/Vehicle Usage/Safety. Print that page. Complete it with the help of the parent if necessary based on the information on the incident report.
3. Submit to the conference office: rclaus@gccsda.com with a copy to pathfinders@gccsda.com or fax to 706/625-3684

Adventist Risk Management determines, after reviewing the medical claim form, if the injury is covered by insurance. The Conference does not promise any coverage.

Please note that the supplement insurance is to assist with the charges not covered by the personal insurance coverage.

If the claim is approved by Adventist Risk Management and an individual does not have insurance, this limited supplemental coverage will help them as long as the charges do not exceed \$10,000.
